## Please Note:

There are a limited number of trees available. Trees will be reserved with paid and completed order forms on the date in which they are received. So place your order soon!

Most species come in bundles of 25. Minimum order of any one species is 25 trees. All orders must be in multiples of 25.

**NEW THIS YEAR - Crab & Plum trees come in bundles of 10. Minimum order of these trees is 10. All of these trees must be in multiples of 10.**

We are required to collect 5.5% sales tax on all trees sold. Please include this in your calculations. ***If you are tax exempt, a signed exemption form must be included with the order.***

Trees need to be picked up promptly on the pickup date to help ensure viability of trees. Trees not picked up on pickup date will be disposed of and refunds will not be given.

## Jefferson County Land & Water Conservation Department

# 2016/2017 Annual Tree Sale

(920) 674-7110

## Tree Details

**2-3 Fraser Fir** - Often referred to as the Cadillac of Christmas trees. Has an excellent fragrance and exceptional needle retention. Likes cool, moist, well drained soil. Full to partial sun. Will not do well in heavy, wet clay soil. **12 - 16" \$30**

**2-2 Norway Red Pine** - Grows over 35'. Rapid growing tree with long, glossy-green needles. Has many uses: timber, wind-break, ornamental, and Christmas tree. Does well in sandy soil. **7 - 15" \$30**

**2-2 White Pine** - Grows over 35'. Vigorous growing, open tree with long, soft, bluish-green needles. Used in ornamental plantings. Tolerates shade and grows well in sandy and other soils. **7 - 15" \$30**

**2-2 Colorado Blue Spruce** - Grows over 35'. Densely formed tree with stiff silvery-blue to bluish-green needles. An excellent ornamental and background tree. Thrives in dry, well-drained soil. **12 - 16" \$30**

**2-3 Eastern Arborvitae (White Cedar)** - Height of 30-40', width 10-15'. Fan-like glossy leaves provide year-round color. Forms a wind tight barrier when used for screening or as hedging. Prefers heavy damp areas, but adapts well to other soil types. **12 - 16" \$30**

**Hazelnut - 2 Yr Seedling** - Small shrub often in clumps reaching 12' in height. Edible brown nuts. Grows best in moist, well-drained soils but will adapt to most types of soils. Full sun or partial shade. Attracts wildlife such as deer, grouse, turkeys, pheasants, and quail. **12 - 18" \$30**

### NEW THIS YEAR

**Crab - Red Splendor - 2 Yr Seedling - Grows 15-25'. Spreads 20'. Red flower buds open into large deep pink single Flowers. The fruit is dark & showy. The foliage is dark reddish purple in the summer and turns a beautiful reddish purple in fall. Upright spreading form. 12 - 18" \$30 (Per Bundle of 10)**

**Plum - American - 1 Yr Seedling - Grows 15-20'. A small tree or large shrub. White flowers in early May. Edible fruits - red or yellow. Very hardy & drought resistant. Excellent for wildlife plantings. 12 - 18" \$30 (Per Bundle of 10)**

**Pick up will be mid to late spring at the Jefferson County Fairgrounds. Postcards will be sent to notify customers of pick up date and time.**

## Tree Information

2-2 or 3 refers to the age of the tree. Each tree spends 2 years in a seedling bed and 2 or 3 years in a transplant bed. This pertains to all of the evergreens. The deciduous trees are seedlings and their ages are indicated.

The measurements are approximate. The size of the trees will vary depending on the weather conditions during the growing season.

Please be sure to plant your trees as soon as possible to help viability. If unable to plant right away, keep trees in a cool, dark place such as a garage floor. Keep roots moist but do not submerge.

Tree spades are available for a small refundable deposit fee.
